Dear Ms. Krotz:

This letter is in response to your protest of purchase order SPE4A5-19-P-4763, which was awarded to Triman Industries for the supply of leaf, butte hinge (NSN 5340-00-806-5188). Your protest alleges that your company is licensed and approved to offer the item solicited; and you offered a lower price than the awardee. After review, we determined that DLA made to an administrative error in the evaluation of offers. Therefore, I am sustaining your protest and the purchase order will be cancelled.

We appreciate your continued interest in our mission.

Best regards,
